

MEET JULIA &
SPEND A
FASCINATING
EVENING

You bought an old quilt in a yard sale for five dollars. A bargain to be sure, but what's it really worth? Should you insure it? For that matter, should you be carrying some insurance on Great Aunt Millie's Double Wedding Ring quilt or will your homeowner's insurance do the job? What about Grandma's unfinished quilt tops? Should you get them quilted or will that destroy their value? Certified Quilt Appraiser Julia Zgliniec will discuss issues like these in her trunk show and presentation on Friday, October 1, 2010.

**Valley of the Mist Quilters Guild
and
The City of Temecula present**

AN EVENING WITH JULIA ZGLINIEC
"A QUILT APPRAISAL, WHAT IT IS AND WHAT IT IS NOT"
FRIDAY, OCTOBER 1, 2010, 6:30 P.M. \$15

Julia Zgliniec (pronounced Zuh-GLIN-ick) is one of Southern California's foremost quilt appraisers.

**Location of the Event is:
Temecula Community Center
28816 Pujol Street, Temecula, CA 92590**

Be first to make an appointment for Saturday to have your quilt/quilts appraised. Sign up for your appointment Friday night at this exciting event.

Saturday there will be per quilt a \$20 fee for a verbal appraisal & \$45 for a written appraisal (discounted price)

You may purchase tickets online or at the door, space available

This is a forerunner to our Old Town Temecula Outdoor Quilt Show on Saturday, October 2. Julia will be the Featured Quilter during the Show and will perform verbal and written appraisals between the Quilt Show hours of 10:00 am and 4:00 pm Saturday. The Friday evening program will begin with a 6:30 social time, where guests can mingle, sample refreshments, and buy opportunity tickets for a variety of themed gift baskets donated by Guild members. Julia's presentation will begin at 7:00 pm. As a special feature, those in attendance may put their names into a drawing to win—that evening—one of two verbal appraisals; one lucky winner will win a free fifty-dollar value written appraisal. (So bring a quilt you'd like appraised with you, in case you win!)
